Re: U.S. v. Dequan Hood
20 Cr. 614 (RA)

SO ORDERED.

Ronnie Abrams, U.S.D.J.
April 7, 2021

Dear Judge Abrams:

Alex Huot and I represent Mr. Hood. We have had discussions with the government about a resolution of this matter without further litigation. However, the pandemic has caused many difficulties. Mr. Hood wishes to discuss the potential resolutions with members of his family. However, there are still no in person social visits permitted. Telephone calls with family are recorded. The MDC does not permit attorneys to add a family member to an unrecorded attorney telephone or video call. I believe that with a court order that MDC will permit counsel to add a family member to an attorney client call. Of course, I will remain on the line to monitor the conversation and advise my client.

Therefore, we respectfully request that your Honor authorize counsel to add a member of Mr. Hood's family to an attorney-client telephone or video call and require MDC to permit it. I have attached a proposed order to this request. The government takes no position on this request.

Because the parties are in the midst of attempting to resolve this case without further litigation, both the government and the defendant also consent to a 4-6 week adjournment of the status conference presently scheduled for Thursday, April 8, 2021. Should your Honor adjourn the conference, the defendant agrees to the exclusion of time for speedy trial calculations.

Thank you for your consideration of this request.

Sincerely yours,

/s/

Sam A. Schmidt
